Re: Changes to the Niagara Water Retirement Plan

Dear Niagara Water Retirement Plan Participant:

Niagara Bottling, LLC is committed to periodically reviewing the Niagara Water Retirement Plan ("the Plan") to make sure it continues to help you meet your retirement and financial goals. Among the things considered are the range of investment options available through the Plan, investment option performance and value, and whether the Plan gives you access to services that complement your account.

As a result of a recent review, Niagara Bottling, LLC has decided to make the following changes to the Plan's investment lineup.

The change described below will take place without any action required on your part; however, you will have the opportunity to make changes. Go to the What Do I Need to Do? section to learn more.

CHANGES TO THE NIAGARA WATER RETIREMENT PLAN

Effective January 01, 2019, one or more investment options offered through the Plan will no longer be available. As a result, any existing balances and future contributions will be transferred to an existing investment option. See the following table for details.

The transfer of balances will appear as an exchange on your account history and next quarterly statement.
