

Find a Network Dentist

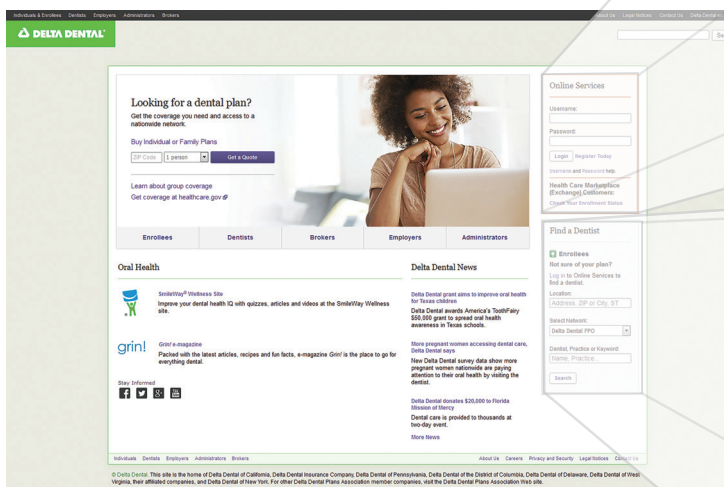

It's easy to look for a Delta Dental dentist in your area. Whether you're on a laptop, desktop computer, tablet or smartphone, we've got you covered.

How to search

1. Go to **deltadentalins.com**.
2. Look for the **Find a Dentist** tool on the right. Enter a location (address, ZIP code or city and state).
3. Select your network from the drop-down menu. For a more targeted search, you can enter the name of your dentist or dental office below.
4. Click **Search**.

How to refine your search results

- A** **Change the radius of your search.** By default the search will show dentists within 15 miles of a given location, but you can adjust this distance by clicking on “Refine search” and selecting any distance from “5 miles” to “60 miles” from the drop-down menu.
- B** **Filter your results.** Refine your search results by categories such as specialty and network.

The screenshot displays the 'Find a Dentist' interface. At the top, there is a search bar with the text 'Dentist, office or keyword' and a location field with '100 1st St'. A '+ Refine search' link is visible next to the location field. Below the search bar, a map of San Francisco shows several dentist locations marked with blue pins. To the left of the map, there are two dentist profiles: Albina Batchaeva and Kayvan Kafayi. Each profile includes their name, title, distance from the location, and a 'Details' link. Below the profiles, there are filters for 'PPO (\$), Premier (\$\$) networks', 'DeltaCare USA network', and 'Accepting new patients'. A 'yelp' logo is also present, indicating that ratings are shown for each dentist. On the right side of the map, a 'FEEDBACK' button is visible. A 'Refine search' modal is open on the right, showing a 'Distance' dropdown menu set to '15 miles' and a 'Close' button. Below the distance menu, there are 'More filters' for 'Networks', 'Specialties', and 'Languages'. There is also a checkbox for 'Board-certified' and 'Apply' and 'Reset' buttons at the bottom of the modal.
