How does it work?

It's instant savings:

- Present your member ID card at any participating veterinarian
- Your veterinarian will discount the medical services portion of your bill by 25%

Plan Coverage

All in-house medical services and procedures are covered, including wellness, sick and emergency visits.

Veterinarians do not need to discount products you take home, like food or flea products; non-medical services, like grooming or boarding; and outsourced services, like bloodwork sent to a lab.

How do I enroll?

Ask your HR department or benefits provider how to enroll at your discounted employee benefit rate. It's only a few dollars a pay period, and our unlimited plan will cover all the pets in your home. We will mail your ID card before your start date.

Is my pet eligible?

Yes! Do you have one dog, five cats, a lazy iguana and a donkey? They're all eligible, regardless of type, breed or health.

Compare to Insurance

- Price is significantly less than pet insurance, which can be \$50/pet
- No claim forms and no waiting for reimbursements
- No need to get a quote for each pet
- No exclusions, not even for age, breed, pre-existing conditions or hereditary conditions
- No deductibles or maximums
- No waiting periods; can be used instantly
